## DETAILED ACTION

## Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-34 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The variable "LG" is not defined in the claims. Claim 2 presents the term "LG" but fails to explicitly define what it means. Moreover, it is not an art-recognized term that would be clear to one having ordinary skill in this art.

## Allowable Subject Matter

- 3. Claim1 is allowed.
- 4. Claims 2-34 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
- 5. The following is a statement of reasons for the indication of allowable subject matter: applicant has discovered a novel and unobvious method for making tertiary amines. The sequential, exhaustive alkylation of a

hydroxylamine derivative followed by cleavage of the O-N bond is not suggested in the prior art of record.
